BLOC

EFFICIENCY AT ITS BEST

BLOC is a one–piece clog designed for long lasting comfort and easy maintenance.

Description

BLOC, is a monocolored occupational clog entirely made of polymeric materials and with the following components:

- Antistatic insert;
- Heel–strap;
- Ventilation holes.

Users

BLOC, is ideal for activities in which professionals spend many hours standing and, who hence have a tendency to suffer foot discomfort or lower body fatigue, especially to be used in:

Operation Room

Hospitals and Other Healthcare Institutions

Pharmaceutical Industry

Specifications

Sterilizable
Produced in an high quality polymer which allows sterilization in autoclave up to 134 °C.

Shock Absorption
The special design helps to reduce the occurrence of micro–lesions in tendons, bones and joints, and the feeling of tired legs.

Antistatic
Promotes the dissipation of accumulated static electricity.

Upper Liquid Protection
Avoids the entrance of liquids inside the shoe.

Breathable *
Regulates the temperature and humidity of the foot.

Removable Strap **
Increases comfort and support to the heel, as well as keeps your foot firmly in the footwear.

Washable
The footwear can be machine washed up to 90 °C.

Antislip
The sole is designed to reduce the risk of slipping.

Lemon Scent
The footwear has a fresh and soft fragrance, with a lemon scent.

Unisex
Style designed to be worn by men and women.

Materials and Technologies

BLOC is made with **Steri–tech™** technology. Its material allows sterilization up to 134 °C, is non–toxic and provides odor resistance, bacterial and fungal growth inhibition.

The special design of the heel gives unparalleled comfort.

Technical Standard

CE In accordance with directive 89/686/EEC.

EN ISO 20347: 2012 Personal protective equipment — Occupational footwear, class II. — SRA approved.

Technical Specifications

- Heat resistance — autoclavable up to a maximum of 134 °C;
- Slip–resistant;
- Resistant to abrasion;
- Resistant to detergents;
- Resistant to lactic acid;
- Resistant to liquids (such as infiltration of blood);
- Resistant to chemicals;
- Resistant to saltwater;
- Recyclable.

Care and Cleaning

Wash: Machine washable up to a maximum temperature of 90 °C. Can also be steam sterilized in autoclave up to 134 °C.

Dry: Wipe with a cloth or dry at room temperature.

Attention

BLOC resists to several sterilizations in autoclave, but durability might be impaired depending on sterilization parameters and number of cycles. BLOC also resists to several washings at 90 °C in washing machine. It is not recommended the use of bleaching agents during washing machine cycles at 90 °C. The resistance of BLOC material to washing depends on several factors:

- Type of detergent;
- Concentration;
- Cycles' duration;
- Temperature;
- Physical stress during the cycles.

* Only aplies to BLOC Open version.
** Only aplies to BLOC Strap version.
